

Lista de Apellidos Sefaradíes.

Gloriosa fecha para el recuerdo en la memoria de la etnia Sefaradí (la más antigua de todas: 2600 años de rica historia, costumbres, tradiciones y legados). Día Martes, Diciembre 18 de 2012 / Yom Shlili 5 Tevet, 5773.

Permitidme presentaros la lista de apellidos de familias que fue publicada por el Gobierno español, como la primera lista oficial de los Judíos ibéricos tras 500 años de no ser reconocidos como judíos, pero ya todo cambió felizmente para el pueblo Sefaradí.

¡Am Sefarad Jai! ¡Jazak Jazak Venit Jazek! ¡Baruj HaShem!

España publica la primera lista de apellidos que se usará para dar la ciudadanía a descendientes de sefardíes

De acuerdo a las reglas, las personas con estos apellidos, que sean judíos y pertenezcan a una organización comunitaria reconocida calificarán para la ciudadanía.

Según el censo realizado por la Iglesia Católica de España, hay una lista con más de 5.000 apellidos (nombres familiares) Israelitas definidos, por SANTO OFICIO (LA CORTE / TRIBUNAL / CONSEJO) de España.

La lista es el resultado del censo de las Comunidades Israelitas de España realizadas por la Iglesia Católica.

Los apellidos están extraídos de libros de las listas de los penitenciados por el Santo Oficio de la Santa Inquisición, de los censos de las Juderías y de otras fuentes que indican claramente que la persona portadora del apellido es Israelita o Judeo-conversa.

Las Fuentes y los Códigos utilizados pertenecen a todos los apellidos que han sido el resultado de una compilación de 4 listas que se han recogido de 4 locales como están indicadas por el link (navegador Web de código abierto en modo texto) y por links en la parte alta del listado. Sin embargo para darle el crédito, que es necesario, hemos puesto las URLs

(URL: sigla en inglés de uniform resource locator [localizador uniforme de recursos]) de cada uno de los links:

L=Viene de Lusaweb <http://www.lusaweb.com> , donde se puede buscar su nombre portugués y genealogías Sefaradíes. La parte Sefaradí, el crédito va para el señor Harry Stein <http://www.sephardim.com> .

O= Copia del señor Jeff Malka: <http://www.sephardicgen.com/names.htm>

T=Viene de B. Nahman: <http://home.earthlink.net/~bnahman/TOLEDOhtm.htm>

I=Viene de la Sinagoga Beth HaDerech (Toronto, Canadá): <http://bethaderech.com/sefardic-genealogy-genealogia/> En el documento publicado se citó la página Ifmj.org <http://www.ifmj.org/> (International Federation of Sephardic & Ashkenazi Jews (Federación Internacional de Judíos Sefaradíes y Judíos Ashkenazíes), pero el problema que existe es no aparece el listado, es posible que el sitio Web deba estar en construcción, por lo cual, se tuvo que recurrir a un sitio afín con la misma información, tal es el caso de la Comunidad Judía Beth Haderech, Toronto, Canadá <http://bethaderech.com/> .

El Propósito del Listado:

Este listado de apellidos para ustedes que desean buscar sus herencias Sefaradíes, no tienen el propósito de engañar a nadie para que cambien sus creencias espirituales o religiosas.

Recopilación Realizada Por **Álex Santi Pereiro (Alechsandr Chaniel Shemtov Agasi)**.
